Wm. Hradley, a prominent farmer and strike sympathizer, was shot down in the streets of Madisonville by J. W. Hancock, a policeman, whose wild shots wounded a small boy and a Negro, bystanders. Excitement is so high that the preliminary hearing of the minors under arrest was postponed.

Nowell C. Rathbun, the bungling bad man, was indicted for murder on six counts by a special grand jury in Jeffersonville, and when arraigned he pleaded not guilty. The body of Goodman, Rathbun's victim, was received in Jeffersonville, but the coroner was ordered not to open the coffin except under the direction of the court.

Mr. Isador Raynor, of Baltimore, Rear Admiral Schley's chief counsel before the court of inquiry, refused to accept a fee for his services and also declined to present an expense account. As a token of esteem and affection the rear admiral and his wife have presented Mr. Raynor with a gold watch and chain and Mrs. Raynor with a brooch of diamonds.

The camp of the union miners at Nortonville was disbanded Sunday by the civil authorities of Hopkins county, supported by the militia under Adj. Gen. Murray. No resistance was offered and 24 of the men who defied County Judge Hall's order Saturday to disperse, were arrested, but three of them escaped. All the others had slipped away. The tents were taken down and the prisoners were conveyed to Madisonville, where they were placed in the county jail. The troops were kept in the back ground and they were only needed to act as guards.

Elmendorf, the handsome home of Mr. J. B. Haggin, in Fayette, is certainly a wonderland. Mr. Haggin is just finishing his \$250,000 residence and it is like entering a fairyland to visit the place. There is a magnificent laundry and this and the grist mill that grinds the feed for the hundreds of thoroughbreds, Shorthorn cattle and Shetland ponies is run by electricity. The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one third the time required by the usual treatment. For sale by Craig & Hocker, druggists.

## Thanksgiving, 1901.

The Lord hath been our strength and shield.

Our faithful friend and guide:

Hath granted yield from vine and field Rich comfort to provide.

Our feet He leads

Through verdant meads

The living streams beside.

And for His love we homage pay

To Him this blest Thanksgiving Day.

With swelling song and glad acclaim

We come from fields and marts

To magnify His holy name

With humble, thankful hearts.

Through all the years

His help appears

With love that ne'er departs

For this we come and gladly lay

Our tribute this Thanksgiving Day.

For all the Lord hath done for us

We chant a glad refrain

From coast to coast, from sun to sun,

From valley, hill and plain.

Our Shepherd, guide,

Whate'er befalls

His love will still remain.

And bowing at God's throne we pray

His blessings this Thanksgiving Day.

—WILL M. MAUPIN

## LANCASTER.

Revival services begin at the Baptist church tonight.

Gen. Gentry passed through our city with his dogs a few days since en route to Crab Orchard Springs to join in the big beagle fox hunt.

The foundation for the Presbyterian parsonage is nearly completed. This bids fair to be one of the most attractive buildings in town, if the plans are fully carried out.

Everything is very quiet since the election. Republicans are too sore to make a fuss and democrats so well satisfied with the present state of affairs that they, too, keep quiet.

The exchange, conducted by the Ladies' Aid Society, will be opened tomorrow, Wednesday, afternoon instead of Saturday afternoon. This is in order to supply the wants of the patrons for Thanksgiving.

The remains of Mr. N. B. Adams, formerly of this county, but who died at the Lakeland Asylum, were brought here for burial Friday. Mr. Adams was 48 years of age, with no family. He leaves quite a handsome estate, situated in Lincoln county.

Hon. George T. Farris is receiving a great deal of encouragement in his race for president of the Senate. Being such an earnest worker for the good of the people, Mr. Farris deserves and is pretty sure to have conferred upon him the honor of presiding over the actions of the Senate.

Miss Rella Arnold has returned from a delightful visit to Nicholasville. Messrs. John Estes and James Hatcher left today for Grassy Lake, Arkansas, where they will engage in business. Mrs. J. H. West is very ill at her home near Hyattsville. Mrs. J. W. Poor returned Saturday from Deming, N. M., bringing her son, Casey Owsley, who is quite ill.

Chief of Police S. D. Turner arrested 19 crap shooters Sunday. The parties confessed and a fine of \$23 each was imposed. He also arrested Lavender Johnston, colored, for cutting with intent to kill. Also Matt Eason and Sallie Held, colored, were fined \$25 each. He arrested seven colored men for shooting with intent to kill, two being held in \$200 bond. Mr. Turner is a terror to evil doers, and the people are highly pleased with his services.

The oyster supper, given by the Christian Endeavor at the Mason Hotel Friday evening, was a success, both financially and otherwise. Some 75 or 80 persons were present and all report a delightful time. After supper was served, the young people spent the remainder of the evening in social enjoyment. Excellent music was furnished by some of the young ladies. Something more than \$20 was taken in at the door, leaving quite a neat little sum to go toward repairing and remodeling the Christian church, to which cause the proceeds will be devoted.

The people of this and adjoining counties anticipate in the "Old Fiddler's Contest," to be given at Garrard Opera House on Thanksgiving evening, one of the most attractive entertainments ever given in Lancaster. There are to be 14 contestants, all of whom are among the very best old-time musicians to be found in this part of the State. The rates of admission are very reasonable and a great number of tickets have already been sold. All lovers of music should attend as they are sure to get their money's worth in addition to helping along a good cause. Proceeds to go for the benefit of the Lancaster Commercial Club.

Out this out and take it to Craig & Hocker's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

## THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

THE following from the Indianapolis Sun, a republican paper, shows that even some republicans in the Hoosier State think Durbin is capable of making a mistake: "Gov. Durbin lost his head when he sent to Kentucky a letter of refusal in which he sought to expose the short-comings of the courts of Kentucky and accused Judge Cantrell of making strained rulings and instructions in order to advance his candidacy for the United States Senate. A brief statement that request for requisitions had been denied because he felt that the accused could not yet receive a fair trial, would have been enough and would not have exposed, as his letter did expose, him to the charge of partisanship."

With democratic county officers elected for four years hence, Hon. M. F. North in the Legislature, Hon. G. T. Farris in the Senate, Hon. G. G. Gilbert in Congress, Joe C. S. Blackburn in the U. S. Senate and Gov. McCreary on his way, Lincoln county democrats are feeling pretty well, thank you, and are not worrying about the republicans having a president, who is making himself famous by dining Negroes at his private table.

EDITOR JOHN M. ALLEN, of the Cincinnati Democrat, declined the appointment as private secretary to Congressman J. N. Kehoe and ex-State Senator John Johnson, of Lawrence, was named. Every newspaper man in the State will learn with pleasure that Mr. Allen's crisp editorials will not be discontinued and will congratulate him on sticking to a business for which he is so eminently well fitted.

A WASHINGTON dispatch says that nearly all the chairmanships of the House committees will remain unchanged in the new Congress and the changes in membership will be slight. The new democratic members will stand a better chance for recognition than republicans, owing to the policy of giving the minority representation on all committees.

It is rather out of the ordinary to get out an injunction to prevent a man from attending church, but that was done in the wicked city of Chicago the other day. The pastor of the Holy Name Cathedral filed suit for an injunction to keep the Rev. Jeremiah J. Crowley, the excommunicated priest, from attending services in the cathedral.

It will be bad news to the average editor to learn that the Central Passenger Association makes the official announcement that passes will be abolished Jan. 1. Planking down three cents per mile will be pretty tough for the boys and it will have a decided tendency to make them love home more or stay at home more, any way.

CHARLES GIGANTE was fined \$25 and sent to jail for 30 days at Akron, O., for posing as a single man. When he serves his sentence and his wife gets through with him he will know better than to do such a silly thing again.

It will take only 50 votes to nominate Gov. McCreary for U. S. Senator on the first ballot. That's dead easy. The Madison county statesman just as well be packing his trunk to go to Washington now.

WHILE enjoying your turkey Thursday, don't forget the many poor people in town and country who are without food. Try and make a few sad souls happy on the good Thanksgiving.

THE Owensboro Messenger's Sunday supplement is indeed a thing of beauty. Brer. Woodson is one of those gentlemen who goes a cat'n' in earnest when he goes at all.

It is probable that Senator Jo C. S. Blackburn will lead the minority in the next Senate. No man in the country could better represent the democratic party.

THE Lexington Democrat finds it necessary to make the statement that the paper has neither been sold nor changed hands and that it is "there to stay."

OF the many things to be thankful for this Thanksgiving democratic success of just three weeks ago today is by far not the least.

THE Elizabethtown News has just celebrated its 34th birthday and like wine, it grows better with age.

### POLITICAL.

Congress will be asked to make a reduction in postage rates.

The United States government has taken charge of the lighthouse transit.

George W. Greenup, of Paducah, has announced for Congress in the First district.

Judge Pryor thinks the next Legislature will pass a bill appropriating \$1,000,000 for a new capitol.

### HOTEL BELMONT, WILLIAMSBURG, KY.,

The elegant new hotel that Messrs. J. B. Owens & Son, of this place, have just taken charge of.

Hon. Vincent Norling announced in a speech in Leslie county his candidacy to succeed himself in Congress.

L. Karem was sentenced to three months in jail, with a \$600 fine, for intimidating voters in Louisville.

William Gwin, who for 30 years served as chief messenger to the secretary of State at Washington, is dead.

The report of the Philippine Commission, upon which Congress is expected to base legislation, arrived in Washington by special messenger.

Gen. Dan R. Collier, of Lancaster, has written a letter to republican leaders, asking their support in the surveyorship fight. C. M. Barnett looks like a winner.

Bradley is again heralded as the Warwick of Kentucky politics. Bradley is always at the top when the republicans are in the slough of despond.

Owensboro Messenger

The treasury department has received through the New York Collector of Customs a contribution of \$18,000 to the "conscience fund," the largest contribution of the kind on record.

If William Goebel had been a republican, and if Taylor were a democrat, does any one imagine for a moment that Gov. Durbin would be so wonderfully concerned about the kind of justice meted out in Kentucky?—Bryan's Commonwealth.

Contest suits have been filed in Todd county for the offices of county judge, county clerk, county attorney and school superintendent. Two magisterial contests have already been filed and M. V. Lyon, the republican nominee for representative, has sued County Clerk Dickinson for damages.

In the constitutional convention at Richmond, Va., an amendment was adopted providing for the compulsory education of children between eight and 13 years of age, unless excused by the local school authorities. A section providing for separate schools for whites and blacks was unanimously adopted.

Judge Breckinridge in office, as well as throughout his life, has conducted himself with honor and has made a model attorney general. In retirement he may be assured he has the respect and sympathy of a great majority of Kentuckians, who will be only too glad to honor him in the future.—Paducah News-Democrat.

### THIS AND THAT.

Jonestown, Miss., was practically wiped out by fire.

Ex-President Cleveland is laid up with a severe cold, but the dispatches say he is improving.

Pretty Miss Helen Vanderbilt Wackerman, of New York, is ravaging mad and tried to kill a trained nurse in London.

The general merchandise store of W. D. Tarter, at Tarter, Casey county, was robbed and burned. Loss \$4,000, insurance \$2,000.

Alexander D. Anderson, a well-known Washington lawyer, drowned himself to end his sufferings from stomach trouble.

A Richmond dispatch says: Reports have come that small-pox has broken out at Red Lick, in this county, and the authorities have gone to quarantine that section of the county.

At Middlesboro John Holt and Geo. Bull quarreled and Holt walked off. When he was 50 yards away Bull fired at him. Holt ducked and was struck in the nose, the bullet piercing the bridge.

The Fidelity and Deposit Company of Maryland has sued Claude Chlon, clerk of Fayette county, on a note for \$9,401.78, less credits of \$1,300. The amount represents the shortage in his office, for which the company was surety.

At Cleveland a judge discharged a man who admitted he had stolen from the Standard Oil Company, on the ground that that great corporation had robbed the people and it was stolen property that the prisoner had taken.

Hunters claim to have seen a white bear near Williamsburg.

Four oil wells came in yesterday in the Sunnyside field in Wayne county.

While an actor in a Chicago theater was singing a song regarding Admiral Senley and the battle of Santiago more than half the audience rose and cheered.

Because of numerous burglaries at Newport, the business men are arranging to hold an indignation meeting to demand a stake-up in the police force.

A LETTER from Edwin Sexton, who, with his company was billed to present "My Uncle from New York" here Friday night last, says that owing to an accident to one of the members of the company he was compelled to cancel his date. Danville people who saw the play there can best appreciate this.

FINE CATTLE.—Mortal eye never rested on a finer lot of cattle than those Mr. T. L. Carpenter, of the West End, shipped from here yesterday. There were 20 of them, 18 of which were of his famous Angus breed. They are only 30 months-old and average 1,335 pounds. Mr. Carpenter sold them to Welbi at 54c for Lehman and they will go across the briny deep.

Rubber With

Life In It.

When you buy anything in rubber goods, it pays to get the kind with rubber in it. Many makers of rubber goods are pliant to the demand for cheapness, and hence the market is flooded with inferior goods that hardly resemble rubber.

Quality counts in this line, and we are careful to buy of makers who have a reputation for turning out high grade goods only. You can have confidence in the rubber goods we offer, no matter how low the price is.

This Association will doubtless be one of the greatest educational meet- ings ever held in Lincoln county. The speakers comprise many of the most educators of the State. They have kindly consented to come to Stanford for this purpose. Every teacher in Lincoln county should be here promptly at 9:30 and be prepared to stay all day and night. The night session will be highly entertaining, and you should not miss it. The good people of Stanford will gladly welcome and entertain you. All young ladies and gentlemen in the county who contemplate a higher education should be here. All parents who are interested in the welfare and future interests of their children should take a day off and come to this meeting. It will do you good.

Very respectfully,  
M. O. WINFREY, Secretary. GARLAND SINGLETON, Co. Sup't. President.

There is quite a large turkey crop. The bird is only worth 5c at this writ- ing.

The health of the community was never better except for bad colds. Miss Emma Frederick is very low with scar- let fever.

Only three weeks yet remain of the public school term here. Profs. Davis and Depp and their able assistants have endeared themselves both to pupils and parents in their endeavors to build up the school and their efforts have been doubly appreciated. Prof. Davis is very enthusiastic over the prospects for a large attendance at the winter session, which begins early in January.

We learn that Mr. Tarter has aban- doned his contest for county attorney, which is most sensible. After consul- tation with lawyers, Mr. Peyton has decided not to contest the election of Mr. Ellis for magistrate in the Big Rolling Fork precinct. Had Mr. Pey- ton won it would have only resulted in the magistracy of the precinct being declared vacant, hence he decided not to contest.

His many friends earnestly hope that Senator Farrie will get the speak- ership of the Senate or as for that, any- thing that he may seek, as no honor is too great for the man who can turn a republican majority of over 900 within a year to a majority for the democracy of nearly 600. Should the Senator get the coveted honor he seeks, we Casey lies earnestly hope he won't forget us while the gerrymandering is going on.

**WOMEN AND JEWELS**

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jew- els form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Roschke's German syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Penny's Drug Store. Get Green's Special Aluanae

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be in- curable. For a great many years doctors pro- nounced it a fatal disease and prescribed local remedies and by constantly failing to cure with such ideas, went, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, has therefore required constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the sys- tem. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J.
